Let's make a deal

Student Body President Terry Teele urges Rep. Harry "Babe" Woodyard to consider passing a tax increase plan in Springfield. Students from Illinois colleges took part in ISA's "Caucus at the Capital" Tuesday to demonstrate student support for the tax increase, as opposed to possible tuition increases. See related story page 3. (News photo by Brian Ormiston)

Idea of nuclear freeze gets council approval

by Michael Kuo

Nuclear freeze advocates narrowly persuaded Charleston's City Council to pass a resolution Tuesday calling for a halt to the U.S.-Soviet nuclear arms race.

Mayor Clancy Pfeiffer cast the final vote in favor of the resolution with the city's commissioners divided 2-2 on the nuclear freeze proposal.

The vote followed an emotional, hour-long debate during which discussion ranged from attempts to determine U.S. and Soviet nuclear capacity to whether the resolution fell within the council's jurisdiction.

A "mutual and verifiable freeze on the testing, production and deployment of nuclear weapons" is called for in the resolution, which has been endorsed by more than 350 U.S. city councils and more than 450 New England township meetings.

Commissioner John Beusch, who cast one of the "no" votes, attempted to amend the resolution to change the word "freeze" to the word "curb."

But ensuing confusion on the proper voting procedure for amending resolutions prompted Beusch to withdraw attempting an amendment to the resolution.

Commissioner James Wickham, who also dissented from supporting the resolution, told freeze advocates: "You're putting pressure on the city

council to make a vote on something we don't have the information on."

Commissioners Wayne Lanman and Olga Durham voted to support the resolution. Lanman had said at the April 5 council meeting he would support the freeze resolution.

In other business, the council unofficially decided to place a proposal calling for the sale of liquor in grocery and drug stores on file for public inspection in order to bring the issue closer to a council vote.

The council's Tuesday agenda called only for "discussion" of the liquor proposal, but Beusch and Wickham added the proposal to the agenda in order to place it on file for a vote May 3.

Additions to the council's agenda can be made with the support of two council members.

However, after the meeting, city officials were uncertain whether the council had actually voted to place the liquor proposal on file for public inspection.

City Attorney Tony Sunderman advised Pfeiffer the meeting could not be reconvened to accommodate a filing vote and council members reached an informal agreement to vote May 3 to waive the two-week layover period required for council action.

As a result of the agreement, the controversial proposal may be voted on during the council's May 3 meeting.

Student court ruling confirms candidates' eligibility

by Douglas Backstrom

Eastern's Supreme Court voted 5-0 in favor of the Student Senate in a case concerning candidate eligibility qualifications Tuesday.

It took the court about 10 minutes to decide the case and end controversy surrounding two unnamed candidates who allegedly were not eligible to run for senate because they had no grade point averages.

Senior Tina O'Keefe filed suit against the senate claiming that two students running in Wednesday's election are ineligible for senate seats because their GPA's do not meet requirements stated in the senate constitution.

According to the Student Senate Constitution, "No person shall hold

the office of senator who does not have a 2.3 cumulative grade point average and is not a full-time student."

When they enroll at Eastern, freshmen and transfer students technically have GPA's of 0.00. Their GPA's are established at the end of their first semester at Eastern. In the past, they have been allowed to run or petition for senate positions before the end of their first semester.

Executive Vice President Tony Parascandola, who represented the senate in the case, said, "We are not in violation. The two students are not senators yet but are running for senator seats."

"Students who don't have a GPA to run for a senate seat can run and will

be accepted or denied according to their grades when they get them," Parascandola added.

O'Keefe, who represented herself in the case, said she believes the senate should follow its own rules. "They are in violation of their rules and have been doing it for years."

She added that the supreme court should justify the senate's laws.

O'Keefe, who works in the student activities office, said she heard last week "from friends on the senate that two students were running for seats and their grade point averages were below 2.3."

O'Keefe said she followed up on what she heard by questioning other senators.

But Parascandola said O'Keefe did not go through proper channels to document her argument.

Parascandola called O'Keefe's claim unreliable and said he hoped the court would disregard her "non-factual evidence."

Some senate leaders at the hearing said they believe O'Keefe was not justified in accusing the senate of not following senate bylaws.

Financial Vice President John Cole said, "She needs more than just gossip. She needs factual evidence."

Senate Speaker Glenn Good said the court acted fairly in rendering its judgment against O'Keefe. He added he thought the suit was just a political move by O'Keefe.

Six financial aid programs may be combined in future

by Douglas Backstrom

In an attempt to limit the financial burden on students and tax payers, the United States Department of Education has proposed combining six financial aid programs in fiscal year 1984.

John Flynn, Eastern's assistant director of financial aid, said the proposal calls for the combination of loans, work-study programs and grants into one financial-aid package to simplify the disbursement of aid.

Flynn said the aid programs which would be combined are the College Work-Study, Guaranteed Student Loan, Pell Grant, National Direct Student Loan, state student incentive and Supplemental Educational Opportunity Grant.

Barbara Davidson, United States Department of Education spokesman, said the proposal must be ap-

proved by the United States Congress before it can go into effect.

If the proposal is passed, the education department can anticipate a higher demand for Guaranteed Student Loans, she added.

Also, Davidson said she also expects requests for Guaranteed Students loans to increase if the proposal is approved.

Davidson said the main benefit of the proposal's approval would be that eligible students could receive a maximum \$3,000 Pell Grant award.

"With this money, students will have a choice of the university they will want to attend and a burden will be taken off tax-paying parents," Davidson said.

Although, more funds would be put in the College Work-Study program, Davidson said eligibility for the College Work-Study would be reduced.

Federal Appropriation :	1983 (Current)	1984 (Proposed)
Work-Study	\$ 540	\$ 850
GSL (& PLUS)	3,101	2,047
NDSL	193	4
Pell (Self-help)	2,419	2,714
SEOG	355	-0-
SSIG	60	-0-
TOTAL	\$6,668	\$5,615

*Dollars are in millions

Daily Eastern News Graphic

Flynn said the money to operate the Eastern's College Work-Study program comes from the interest students pay on their National Direct Student Loans.

Associated Press

News Round-Up

Three Mile Island may re-open

WASHINGTON—The government can allow Pennsylvania's Three Mile Island nuclear power plant to reopen without first weighing whether that would mentally injure nearby residents fearful of a recurring accident, the Supreme Court ruled Tuesday.

In a 9—0 decision, the court said potential psychological harm to individuals is not addressed by federal law requiring the government to examine environmental questions when it licenses nuclear reactors.

"We think the context of the statute shows that Congress was talking about the physical environment—the world around us, so to speak," said Justice William H. Rehnquist. "If a harm does not have a sufficiently close connection to the physical environment the law does not apply."

Mudslide threatens Utah town

THISTLE, Utah—Engineers left a small town flooded today as they gave up efforts to drain a growing 1.5 mile lake caused by a massive mudslide, and officials said 50 downstream homes were threatened if the unstable dam gave way.

Officials said Monday they hoped the Spanish Fork Canyon mudslide, approaching 100 feet high, would remain strong enough to hold the debris-laden artificial lake.

The rising water already has forced all 22 residents in the town of Thistle to flee, and threatens the city of Spanish Fork with 150-foot wall of water if the mud gives way.

Tax withholding may be delayed

WASHINGTON—Senate Republicans, badly divided over President Reagan's plan to withhold taxes from interest and dividends, weighed a compromise Tuesday that would delay the provision at least four years and possibly forever.

"I think this is going to be the agreement," said Sen. Bob Kasten, R-Wis., leader of the fight to repeal withholding. He said there was a good chance the compromise could be passed by the senate before the night was out.

There was no immediate response from the White House or from Sen. Robert J. Dole, R-Kan.

Beirut bombing fatalities rising

BEIRUT, Lebanon (AP)—Searchers pulled six mangled bodies from the bomb-shattered U.S. Embassy Tuesday and said they expected to find more victims in the rubble. The toll stood at 24 confirmed dead, including a top CIA analyst and seven other Americans, and 23 presumed dead.

Embassy spokesman Robert Reid said eight Americans were confirmed dead and eight others were missing in the wreckage. Among the confirmed dead was Robert Clayton Ames, the CIA's Near East and South Asian analyst, officials said in Washington in a rare case of naming a CIA agent who worked broad.

But authorities still don't know the precise extent of the carnage in the worst attack yet on a U.S. facility in Lebanon. There also was no clear picture of how it was accomplished, although most accounts said a terrorist drove an explosive-laden vehicle into the compound and died in the blast.

Ten Lebanese embassy employees, visa applicants and visitors were confirmed dead, while 20 others were missing, said Reid. The 47th victim listed was an embassy visitor of unknown nationality, he said.

After Reid's announcement, workers recovered six more badly mutilated bodies and parts of bodies from the destroyed embassy cafeteria, but it was not clear how that affected the casualty count.

Police said 120 people were wounded in the explosion, including 22 Americans.

Reagan proposes new MX plan

WASHINGTON (AP)—President Reagan embraced a plan Tuesday to build 100 MX missiles and put them in existing launch silos, promising it "will mean a safer, more secure America" and put pressure on Moscow to negotiate nuclear arms cuts.

Even congressional critics conceded the proposal has a far better chance of winning approval than Reagan's first two attempts to deploy the MX.

The plan, drafted by the President's Commission on Strategic Forces, calls for putting the MX, armed with 10 nuclear warheads, in minuteman missile silos near Warren Air Force Base in Wyoming, and beginning work on a new, single-warhead missile to be ready for deployment in the early 1990s.

Deploying the MX missile and developing the smaller, single-warhead weapon, sometimes dubbed "Midgetman," would cost \$19.9 billion over the next five years, according to commission estimates. That would be in addition to \$4 billion already spent on MX research.

Citizens Utility Board endorsed

SPRINGFIELD (AP)—An Illinois House committee Tuesday endorsed the formation of a Citizens Utility Board to fight utilities' rate increases before the state commerce commission.

The Public Utilities Committee voted 8-0 for the measure and sent it to the full House.

Illinoisans have overwhelmingly backed the idea in advisory referendum elections. Last week, voters in more than 100 cities around the state approved the proposal and Chicagoans endorsed it by a more than 4—1 margin last November.

Democratic House Speaker Michael Madigan of Chicago and House Republican leader Lee Daniels of Elmhurst supported the measure before the committee.

Under the proposal, a citizens board would be established, with one director elected in each of the state's 22 congressional districts.

Students lobby for alternative to tuition hike

(Editor's note: This is the first article in a two-part series about the ISA's "Caucus at the Capital")
by Sheila Billerbeck

Daily Eastern News Correspondent
SPRINGFIELD—Student supporters from nine Illinois public universities lobbied Tuesday for a statewide tax increase as an alternative to a \$500 tuition hike.

The Illinois Student Association sponsored "Caucus at the Capital" to encourage students to speak in favor of a tax increase.

Approximately 65 Eastern students traveled to the capital, including Student Body President Terry Teele. Teele said he believes students are beginning to make progress in voicing concern about the fate of higher education.

"I think the legislators realize we are feeling the effects from a tuition increase," he said. "I think this is the first time they have seen the students this organized and concerned about higher education."

Teele asked Speaker of the House Michael Madigan, D-Chicago, to try to understand the financial burden students are facing.

"We're asking you to be a friend of higher education and realize the problems the students on our campus are experiencing now," Teele said.

However, Madigan said a statewide tax increase is not acceptable.

"The only way I would agree for a

Approximately 65 Eastern students joined members from nine other Illinois public universities in Springfield Tuesday to lobby in support of a statewide tax increase. Students expressed concern to state legislatures that a tax hike was necessary to prevent a \$500 dollar tuition increase next year. (News photo by Brian Ormiston)

"I believe the promise to Americans tax increase is if I become convinced that the funding for services has fallen below the level of decency," Madigan said.

He said appropriating funds for mental health was his "number-one priority.

is a decent opportunity to provide for yourself and family—a chance to enjoy a decent life," Madigan said.

However, Madigan added he is "not afraid to vote for a tax increase if I feel it is necessary."

Sen. Robert Kustra, R-Glenview, who described himself as a "fiscal con-

servative," agreed with Madigan and spoke out against the need for a tax increase in Illinois.

Kustra said, "I fear that now would be the worst time to stick this state and its constituents with a statewide tax increase."

Kustra said he believed higher education lacks funds because too much money has already been allocated to community colleges.

"We have diluted higher education resources and have spread our services very thin," he said.

Kustra added Illinois is still at the "lower end of the tuition scale" compared to other states, and now "it's time to play catch-up."

However, Kustra added, "We have two months to discuss the solution to the fiscal crisis."

Rep. Harry "Babe" Woodyard, R-Chrisman, said he believes there is not "quite the negativism people think" surrounding the controversy of a statewide tax increase.

"I think people don't want it, but if you have to do it, well, they're behind you," Woodyard said.

Rep. Lee Preston, D-Chicago, stressed the importance of students' lobbying and the effect lobbying has on legislators.

"You can have a tremendous amount of impact if a person visits the House with 10 or 12 other people following behind him," Preston said.

Insurance committee involvement concerns Pfeiffer

by H.E. Meeker

Mayor Clancy Pfeiffer said Monday there may be a problem concerning his involvement with the committee that reviews Charleston's employee health insurance coverage.

"It has been my contention that I shouldn't be involved with the group health insurance committee," Pfeiffer said. "It's best that I don't even serve on the committee."

The committee was formed in 1981 to review the city's group health insurance coverage. Pfeiffer said he was included in the committee because of his experience in the insurance business, but he has expressed concerns

about a possible conflict of interest.

Pfeiffer, an agent with the Darrell G. Eaton Insurance Agency, 617 Madison, has received brokerage commissions from the agencies handling city insurance.

The city purchases all insurance from the Charleston insurance agencies, Richard J. Williams and Bob Oetting and Associates. However, the agencies do not sell group health insurance to the city.

Charleston City Attorney Tony Sunderman said Pfeiffer's work with the group health insurance committee would not constitute a conflict of interest because his commissions do not

pertain to group health insurance.

Other committee members are Health and Safety Commissioner Olga Durham, City Clerk Patsy Loew and City Payroll Clerk Carol Kolling.

Loew said the city has experienced increased insurance costs amounting to \$41,907 since 1981. The city has received notice of more increases for 1983, she added.

Pfeiffer said the city has benefitted from a \$40,000 decrease in premium rates due to the work of the two agencies now handling liability and equipment coverage.

"I think this increase in group health insurance is a bigger problem than

liability (insurance)," Pfeiffer said.

However, former Charleston City Planner Larry Stoeber has alleged the city could save money by opening insurance purchasing to bidding or the Illinois Municipal League Risk Management Association.

Pfeiffer said drawing up a committee to review the city's current coverage "would not hurt."

"Asking different agencies for proposals would be a good idea if it would save money. However the cheapest insurance is not always the best because some insurance companies are not above raising premiums after the first year," Pfeiffer said.

Congratulations RHA

Editor:

We would like to offer our sincere congratulations to Matt Davidson, Jenny West and everyone else associated with the Residence Hall Association sponsored, campus-wide Almost Anything Goes held Saturday and Sunday.

The events were well-organized, creative and all the judges, spectators and especially participants had a great time. The RHA does not receive the recognition it deserves for student-involved activities such as Almost Anything Goes.

With all the controversy concerning bars, it is a relief to know that, thanks to RHA, Eastern students can still have a good time despite raising the bar entry age.

Behavior denigrating

Editor:

This letter is in regard to the behavior of a few individuals who attended the Election Forum Monday night.

I believe the forum serves a useful purpose of informing interested students on the issues involved in each election. The newspaper ad clearly stated that all should "come and hear the executive officers speak on the issues that concern you."

Unfortunately, there were certain members of the audience that didn't seem to be concerned with the issues. Instead, they were more interested in denigrating the executive candidates based on their personal actions which

in no way would affect their ability to carry out the responsibilities of an executive officer.

To those involved, I'm sorry to see such irrational behavior from those whom many on this campus respect as leaders. To those of you who did not attend the forum, I urge you to come in the future with well-prepared, pertinent questions for the people who will serve you as executive officers of senate.

Darcy Braatz
senator

Defense plan needed

Editor:

I found the April 5 letter by John Gibson and column by Michael Kuo idealistic, impractical and utterly disgusting.

Both the column and the letter paint a picture of the United States as the sole hinderance to world peace.

Gibson opposes "militarization of American culture" (whatever that means). You two should get your heads out of the clouds! The fact is that peace depends on the intentions of the Soviet Union, too. Ever hear that it takes two to tango? World peace is exactly the same.

No matter how vigorously America pursues peace, it won't be successful unless the Soviets share the same goal. It is obvious that they presently do not when they construct military facilities in our Central American backyard.

Look at Afghanistan. Do you view the invasion and essentially the annexation of this country by the Soviets as peaceful? Oh sure, we can declare peace and drop defenses, and let an evil police state rule the globe. But, I

do not view Soviet occupation as peace. If you two want that I won't stop either of you from moving to Moscow now.

People are still willing to die for America and the peace you suggest will not be found in America except over the dead bodies of real Americans who are willing to fight if necessary.

These men also compared our government to Nazi Germany, and our politicians to cereals. There are faulty policies and bad politicians but there are more policies and politicians that are good. If you find our American republic, which people are fleeing to, unbearable I suggest that you consider living in Moscow.

Tim Ulmer

Figures available

Editor:

In response to Gerald Gibb's April 18 letter regarding the unavailability of information on faculty salaries; there is a copy of Eastern's internal budget available at the reference desk of Booth Library.

This budget lists all faculty and Civil Service salaries as well as other operational expenses and is available to anyone who requests it. Copies of past budgets are also available.

Lee Newhouse

Misguided priorities

Editor:

I write with increasing concern over the misguided sense of priorities the editors of *The Daily Eastern News* seem to possess.

We are presently faced with the prospect of a tuition increase of over 60

percent from the previous year, a move that could have a severe impact upon all of us returning next year.

Yet, you seem to spend more time worrying about credit-no credit options, drinking laws and other such areas which in my opinion, and hopefully many others also, seem to be quite trivial in comparison to the possible inability of many of us finishing our education.

I have noticed several articles in the paper pertaining to the tuition hike (usually about 50 words buried inside the paper, across from the comics) but I am amazed that you, the various elected student officers and those individuals currently running for office, have yet to make any real effort to voice a strong objection to this suggested tuition increase.

Instead of wasting valuable time and effort on less important subjects, let us begin to draft petitions, write editorials and make use of all other options available to us to combat this tuition hike.

I for one am planning on using every means available to me in order to keep the tuition from rising to this level. For if this tuition hike does go into effect my college career may well be over. As far as I'm concerned the college community here at Eastern has no other issue nearly as important.

Kerry R. McElhinney

Award-winning journalist tells of investigative days

by Susan McCann

U.S. participation in El Salvador is similar to the beginnings in Vietnam and Americans should be wary of steps to increase U.S. involvement, a Pulitzer Prize winning journalist said Monday.

Seymour Hersh, a former investigative reporter for the *New York Times*, said presidents lied to the American public about U.S. involvement in Vietnam and similar tactics by Ronald Reagan could lead the United States into war in Central America.

"The assumptions held when we entered the war (in Vietnam) were disproved," Hersh said, citing the 1960s opinion that not stopping the North Vietnamese would lead to Chinese movement into Southeast Asia.

He told a Journalism Day audience at the Union Grand Ballroom that the passage of time has shown this to be false, with the North Vietnamese and Chinese fighting each other rather than joining to overthrow other Southeast Asian countries.

Hersh, who said "I cut my teeth in Vietnam," participated in reporting illegal domestic spying by the Central Intelligence Agency and U.S. bombing of Cambodia, which President Richard Nixon denied.

He also uncovered the horrible truth about American troops' massacre of Vietnamese civilians at My Lai, for which he won his Pulitzer Prize.

However, Hersh said the press does not have the power to prevent such activities, although there exists "a tremendous misconception of the power of the press."

"The press is not nearly as powerful as you may think. The answers lie with Congress," Hersh said. "If the press

does some good reporting, it makes it easy for people to stand up in Congress and say something."

He said the press has done "a reasonably good job" of reporting recent events in El Salvador and as a result, "It has been only in the last couple of weeks that Congress has begun to assert its authority in Central America."

"We in the press only make it easier for people with real power—people in Congress—to act," he added.

"The people that think the press has power are people like (Democratic presidential hopefuls) Walter Mondale and Gerry Hart—the people out of power," he said.

"But if the president wants to bomb in secret, if the president wants to lie to the people, the press cannot stop him," he said.

Although the press is credited with forcing Nixon out of office, Hersh said previous failures to report covert activities opened the door for Nixon to continue authorizing illegal acts.

"The press, by failing to tell us about the bombing of Cambodia, illegal wire taps, CIA domestic spying, and CIA involvement in Chile, I suggest, gave you Watergate," Hersh said.

He stressed the feebleness of the press' power and said, "Don't expect the press to solve your problems. If there is to be a social revolution in this country, don't expect the press to lead it; we probably won't know about it for six months."

"The fault of the people covering the White House is that they give him too much leeway. They do too much repeating and not enough reporting. They need to question more," he added.

Group battles arms race

by Becky Lawson
and Gary Burrows

Eastern students, faculty and Charleston residents Tuesday participated in activities to show support of a nuclear arms freeze.

Judy Chapman, chairman of the Charleston Nuclear Freeze Committee, appeared before Charleston's City Council Tuesday to present a petition with 663 signatures from students and residents supporting council endorsement of a nuclear freeze resolution.

However, Chapman said the committee's planned candlelight march to the council meeting was canceled because of lack of participation.

Earlier in the day a teach-in about

the arms race was conducted Buzzard Auditorium. Three Eastern instructors presented their views on the scientific, ethical and media-related aspects of the nuclear arms race.

Philosophy instructor Robert Barford said, "Anyone who thinks the government is protecting security with the arms race is a mad man."

P. Scott Smith, a physics instructor, said the United States is ahead in the arms race, and added that the Soviets are "no more bent on destruction than we are."

Journalism instructor John Wheat Gibson, "The mass media in the U.S. are organs of official terrorism" to frighten, rather than inform people.

UB to discuss mainstage events

A brief outline of what Mainstage Coordinator Barry Burford has planned for the fall semester will be one topic discussed at Wednesday's University Board meeting, Chairman Bruce Quillen said.

"Barry will briefly discuss what his outline is for bands and other entertainment for mainstage next semester," Quillen said.

He will also inform the board on the results from Sunday's concert with Kool Ray and the Polaroidz, Quillen

added.

In addition Movie Coordinator John Brom will discuss the financial results of this past year's movies.

An update on how Crazy Daze plans are progressing will be given by Crazy Daze Coordinator Susie Newkirk, he added. Next fall's Homecoming preparations will also be briefly discussed by Newkirk.

The UB meeting will be at 5:30 p.m. Wednesday in the Union addition Kansas room.

Student Senators will hear reports, election results

The Student Senate Wednesday will meet to hear committee reports and will then recess until the student government election results are announced.

Good said he expects the meeting to re-convene at about 10 p.m., after the votes have been tabulated by Elections Committee Co-Chairmen Diane Clayberg and Gary Chartraw.

The Student Senate will meet at 7 p.m. Wednesday in the Union addition Arcola-Tuscola room of the Union addition.

Library Advisory Board expands

by Susan McCann

The Faculty Senate Tuesday approved changes in the make-up of the Library Advisory Board which will expand the board's membership from 10 to 16 persons.

Board chairman Bob Barger addressed the senate and explained that the expansion in membership was prompted by last year's addition of the Audio Visual Center to the dean of library services' jurisdiction.

The Library Advisory Board's new structure calls for 13 voting members and three ex-officio representatives on the board.

The trio of non-voting members will represent athletics, University Relations and business services. Barger said the reason for including three non-

voting members was that, "these are the three heavy users of audio visual services from the non-academic side of the university."

He added that the College of Arts and Sciences will continue to have five representatives. However, two students will now sit on the board, instead of the one student member who previously served.

The university's six schools will each have one representative, bringing the total membership to 16 persons. Previously, only four persons represented the six schools.

In other business, senate vice chairman Richard Goodrick announced the results of the April 13 run-off election for faculty membership on the Council on Academic Affairs.

The three top vote-getters, Barger, Alan Aulabaugh and Sue Stoner, received positions on the CAA.

The senators decided not to meet on May 3, making April 26 the senate's final meeting date for the spring term. Next year's officers will be elected at the final meeting.

The change was made to allow senators to attend a tea scheduled to honor seven faculty members who are retiring from the university. The tea is slated for 2:30 to 4 p.m. May 3 in the Union 1895 room.

Talented, young pianist to play in recital

Chris Esterlein

Patti Wolf, a 17-year-old pianist who is studying at the St. Louis Conservatory, will perform a benefit recital at the second annual Music of the Americas Piano Competition (MAPC).

Music department spokesman David Appleby said Wolf was the winner of the first MAPC held at Eastern in 1982. In addition to winning the Charleston competition, she won both state and regional Music Teachers National Association high school auditions and placed third in the finals of a national competition in Houston, Texas.

She has also made solo appearances with orchestras which include eight youth series concerts with the St. Louis Symphony, the St. Louis Youth Orchestra and the Missouri Symphony in Columbia, Mo., Appleby said.

Appleby, who is the organizer of the competition, said Wolf will be performing "terrifically exciting music," which will be "listenable." He also said it is "not an ordinary recital."

The benefit performance is far from ordinary, considering the performer is only 17 years old and will be performing music of length and difficulty sufficient for a graduate recital in music, he

said. Appleby added that Wolf's performance is "unusually mature for so young a pianist."

The money earned from the benefit will be used to help defray costs for the MAPC.

Appleby said funds for the national event and the MAPC have come from the Charleston community and Eastern. He said he believes that the competition is "much more valuable if it's a community event."

Tickets are \$3 for adults and \$1 for students and senior citizens. The performance is scheduled for 8 p.m. Wednesday in the Tarble Arts Center.

"STUDENTS PROGRAMMING FOR STUDENTS"

Bring Your Little People

by Missy Cook

I know, I know. We've all seen the **Wizard of Oz** every year on TV. But how many of us have seen it commercial-free and on a big screen?

The University Board Movie Committee will present **The Wizard of Oz**, Friday, April 22 at 6:30

and 9:00 p.m. in the Grand Ballroom.

Imagine watching Dorothy swept into the tornado, the magnificence of Munchkin Land, the horse of many colors, and the death of the wicked witch in bigger than life colors!

Come watch Dorothy, the Scarecrow, Tin Man, Cowardly Lion and Toto, and help cheer them to victory over the Wicked Witch of the West!

Tickets are on sale now at the Union Box Office or may be purchased at the door for \$1.25.

With the flying monkeys? I like them. They look funny, like you! That's why I like you so much, Uncle Burny!

Isn't it nice to know kids are so honest!?!?

Hot hitting lifts Panthers past Rose-Hulman

by Mike Lynch

Eastern's hitting slump, which has hampered the Panthers in their last four outings, vanished Tuesday as Eastern trounced Rose-Hulman 18-3 and 8-3 at Monier Field.

The Panthers, 12-8, scored a season-high 18 runs with 11 extra-base hits, including five home runs and five doubles, to crush Rose-Hulman in the first game.

Eastern continued to harrass the "Fighting" Engineers' pitching staff in the nightcap with run-scoring triples and some impressive pitching by freshman Kevin Smith.

Smith, who had appeared in three innings prior to Tuesday's start, allowed two hits and struck out 14 Rose-Hulman batters in registering his first collegiate victory.

"I didn't strikeout that many players in a fall practice or this spring, so I was a little surprised at being able to strike 14 college players out," Smith said.

Eastern, which trailed 1-0 in the first inning of the initial contest, erupted for five extra-base hits to mark a 6-1 advantage the Panthers never lost.

Rose-Hulman, 9-15, touched Eastern starter and winning pitcher Mark Daugherty for its early lead, but Panther Steve Hall got that run back with a lead-off home run in the bottom first inning.

Hall, who rocked Engineers' starting and losing pitcher Dan White, opened the flood gates for Eastern as the Panthers registered four more extra-base hits.

Eastern's Troy Harper and Tim Torricelli followed Hall in pacing the Panthers with a two-run home run and a two-run double respectively. Torricelli scored on a wild pitch.

The Panthers continued to pound the losers with four runs in the second frame to lead 10-1. Neal Bertram's three-run home run and a run-scoring double by left fielder Bob Schlechte led Eastern.

Rose-Hulman, which added a run in the half of the third inning on consecutive singles by Steve Nowak, Scott

Eastern first baseman Jeff Yocum tags a Rose-Hulman double-header at Monier Field. (News photo by Sam Paisley)

Low and Jeff Ball, failed to keep pace with the Panthers.

Eastern increased its lead to 12-2 in the bottom of the third inning and never looked back. Harper notched his third run-scoring hit and Bertram chipped in a triple to lead the Panthers.

Rose-Hulman pushed across its final marker in the fourth inning when catcher Steve Sauer singled and scored on second baseman Andy Myer's double.

Eastern's final six runs came on three hits including two home runs by

first baseman Jeff Yocum and Seitzer. Eastern concluded its scoring when both players homered in the fourth inning.

The Panthers continued their impressive hitting in the nightcap, but it was Smith's mound performance that paced Eastern to the double-header sweep.

Smith yielded two hits, both home runs to Rose-Hulman's Dennis Wallen, during the 8-3 Eastern victory. Wallen hit a two-run shot in the second inning

and a solo blast in the seventh frame.

Eastern stormed back after trailing 1-0 in the first inning, when the Panthers scored four runs in the next two innings.

Once again, Hall got the Panthers started early with a lead-off triple. The Eastern second baseman later scored on an error, while three walks accounted for the second Panther run.

Eastern left fielder Steve French singled, advanced to second on a single (See HOT, page 10)

NHL Blues set to move

ST. LOUIS (AP)—Ralston Purina Co. agreed Tuesday to sell the St. Louis Blues hockey team to a group of Canadian businessmen, a spokesman for Ralston said.

"A group of Ralston officials will fly to Saskatoon this afternoon," said spokesman Jim Reed. "We expect to sign a sales contract today."

Earlier, the company announced that its board of directors authorized consumation of the sale to Coliseum Holdings, Ltd., of Saskatoon, Saskatchewan, despite a last-ditch effort by a group of local businessmen.

"It is regrettable that no way was found to keep this team in St. Louis," said the company. "We commend Mayor Vincent Schoemehl for his efforts in exploring all possible means of keeping the franchise here."

John C. Baird, senior vice president of Ralston, said the company (See NHL, page 10)

Eastern netters crush Rose-Hulman 9-0

by Scott Mountford

TERRE HAUTE—Eastern's men's tennis team boosted its record to 15-4 Tuesday by crushing Rose-Hulman Institute of Technology 9-0.

The Panthers, who were never threatened by the hosts, registered nine two-set victories.

"I don't think that they (Rose-Hulman) played well this afternoon," Eastern head coach Carl Sexton said. "On the other hand, we put together a great effort."

Eastern defeated Rose-Hulman 6-3 last year at Terre Haute, but Sexton said he thought this year's match would be closer because the Engineers have the same squad.

"Most of their people are back from last year's team, so I expected a much closer match," Sexton said.

Jay Johnson, Easterns' No. 1 player, bounced back from Monday's loss to his Illinois Central College opponent, to down Rose-Hulmans' Cary Stokes 6-2, 6-2.

In addition, No. 2 man Rob Hopkins defeated the Engineers' Brian Roney 6-4, 6-2.

Other Panthers to record singles vic-

tories in the Rose-Hulman match were Jon Tuft, Mark Munie, Scott Fjelstad and Mark Emola.

The Panthers also swept doubles competition from the Engineers with the team of Johnson and Hopkins leading the way. They outplayed Rose-Hulmans' No. 1 and No. 2 players and recorded a 6-3, 6-2 victory.

Tuft and Munie also registered a win for the Panthers at No. 2 doubles, while Fjelstad and Bruce Perrin teamed up for a win at the No. 3 position.

"Jay and Rob really needed the wins to boost their confidence," Sexton said. "They should be ready for the big match with ISU (Indiana State University) tomorrow."

The Panthers will be looking to continue their winning ways Wednesday when they host the Indiana State Sycamores at Weller Courts.

Although Eastern has not defeated the Sycamores under Sexton's direction, the Panther mentor said he believes this could finally be the year for an Eastern win.

"ISU has strength all the way down the line, but were on top of our game right now and we'll be ready for

them," Sexton said.

However, the Sycamores compete in the strong Missouri Valley Conference and have a very demanding schedule. Sexton said the the Panthers must be on top of their game and win matches down the entire lineup to win.

"I think ISU is probably the best team we will face in the Midwest this year," Sexton said. "The players are looking forward to the match, which is always a good sign."

"Hopefully, we'll have a crowd to help us out and give us a home court advantage," Sexton added.

The Sycamore ace is Daryl Whitle, who beat Easterns' No. 2 man, Hopkins, last year in Terre Haute.

"Jay will be facing Whitle this year," Sexton said. "It's going to be a tough match for him."

Eastern will be riding a three-game winning streak entering the match and the Panthers are hoping to improve on their best start in Eastern history.

"A win tomorrow would really be a big plus for us going into the conference tournament next week," Sexton said.

Tough defense!

Eastern second baseman Steve Hall lunges after a ball headed for the outfield. Eastern defeated Rose-Hulman 18-3 and 8-3 Tuesday in a double-header at Monier Field. (News photo by Mike Van Voorhis).

Hawks looking to eliminate North Stars

CHICAGO (AP)—The Minnesota North Stars are on the brink of elimination and the Chicago Black Hawks hope they can deliver the final blow Wednesday night in the Chicago Stadium.

The Hawks gained their advantageous position and 3-1 lead in the best-of-seven Stanley Cup quarter-final playoff series with a valiant comeback Monday night, rallying from a 3-0 deficit to score a 4-3 overtime victory on North Star ice.

The end came at 10:34 of the extra period when Tom Lysiak set up Rich Preston for the winning goal following

a pressure-packed performance by Black Hawk goalie Tony Esposito.

None of this escaped the scrutiny of Lou Nanne, the general manager of the North Stars, who is also calling the shots from behind the bench.

"Tony is a Hall of Famer, one of the all-time great goaltenders," said Nanne. "Preston and Lysiak are pros who have been in all kinds of situations for a long, long time. When you have a game like this, guys like Esposito, Preston and Lysiak want to be the hero."

Nanne admitted the North Stars made a mistake at the blue line on the

game-winning goal, but he also thought back to Chicago's first goal Monday night.

"The first goal turned it around," said Nanne. "We're up 3-0 and it could have been 4-0. But we had a goal disallowed Tom McCarthy kicking the puck in. We got mentally tight and when you're mentally tight, it goes to your legs."

If the Black Hawks can wrap up the series with a victory over the North Stars Wednesday night, Lysiak and Esposito can celebrate upcoming birthdays by resting for the semifinal round of the playoffs.

Hot from page 9

by Smith and scored on Hall's second hit to give the Panthers a 3-1 advantage.

Smith increased the Eastern margin to 4-1 when he crossed the plate on a sacrifice bunt by shortstop Brian Jones.

Eastern continued to boost its lead in the fourth inning when back-to-back triples by Hall and Jones and an error accounted for two runs.

The Panthers added solo runs in the fifth and sixth innings, before Waller concluded Rose-Hulman's scoring with his second home run in the seventh inning.

The Panthers now turn their attention to a 1 p.m. double-header with intrastate rival Illinois State at Monier Field. Eastern split a twinbill with the Redbirds April 6 in Normal.

NHL from page 9

has made a management decision to get out of the hockey business. He said the company offered local investors an opportunity to present an offer, but that Coliseum Holdings had presented its financial package last week.

The Canadians are believed to have offered \$13 million for the club, while the local group could only come up with about \$8 million.

National Hockey League by-laws specify that unanimous consent of the NHL's Board of Governors is required for sale of a team. However, the rules may be adjusted to specific cases and could be for the Blues, who became a member of the league as an expansion franchise in 1967.

NHL president John Ziegler has repeatedly said he does not favor moving the team out of the St. Louis area and would do everything possible to keep it there.
